The district courtrooms in East Tennessee are state-of-the-art facilities where attorneys have a unique opportunity to use technology in telling their client's story. The first step toward success is learning what technology and equipment are available. The next step is learning how to utilize these powerful tools to your advantage. This seminar is designed to do just that....so that the next time you are confronted with defending a client, you have a skill which could possibly make the difference. This seminar also satisfies the training panel technology requirement and must be attended before elevation to the regular panel.

This training is scheduled for Tuesday, December 13 at the Howard H. Baker, Jr. United States Courthouse in Knoxville. Enrollment will be based on a first come, first served basis and will be limited to 20 participants. Registration must be received by December 6! You are welcome to bring your laptop with you, but you must complete and bring with you a courthouse equipment agreement on the day of the seminar (the form will be provided to you prior to the seminar).

The seminar is free and has been approved for 1.5 hours of general Tennessee CLE credit at $1.00 per hour for a total cost of $1.50. Call Sandy Waggoner (865-637-7979) or e-mail Sandy_Waggoner@fd.org to register for the seminar.
